SUMMARY

Flutter Developer with experience in designing and developing scalable mobile applications using Flutter and Dart. Skilled in building responsive cross-platform apps for Android and iOS and managing local data using Hive and SharedPreferences. Focused on writing clean, maintainable code, problemSolving skills and delivering efficient mobile solutions.

TECHNICAL SKILLS

Language and Framework: Flutter, Dart

Database: Hive, Shared Preference

Tools: Git, GitHub, VS Coder, Android Studio

Concepts: OOP, Debugging

Soft Skills: Communication, Leadership Skill, Team Collaboration

EXPERIENCE

Flutter Developer Intern – Bridgeon Solutions LLP, Calicut Nov 2026 – Present

- Developed and maintained cross-platform mobile applications using Flutter and Dart for Android and iOS platforms
- Implemented local data storage using Hive and SharedPreferences for efficient offline data handling
- Optimized UI performance by improving widget structure and layout rendering, enhancing application responsiveness

Digital Maarketing, Freelance Feb 2022 – Present

- Content creation and managment
- Social media handling and Facebook boosting
- Product promotion, Collaboration and Account handling

Senior Accountant, Goa Oct 2024 – Sep 2025

- Analyzing financial records, which includes tasks like preparing financial statements and tax returns
- Monitoring budgets
- Ensuring compliance with laws regulations

Junior Accountant, Karnataka Jun 2024 – Sep 2024

- Analyzing financial records, which includes tasks like preparing financial statements and tax returns
- Monitoring budgets

PROJECTS

CRUD Operations Using Hive Feb 2026 – Feb 2026

- Implemented complete CRUD operations (Create, Read, Update, Delete) for managing student records.
- Used Hive for local storage to store and retrieve student data efficiently.
- Built features to add, display, edit, and delete student details with proper user input handling.

Facebook Clone – Flutter UI Project

Jan 2026 – Feb 2026

- Developed a Facebook Clone UI using Flutter, focusing on responsive and scalable mobile interface design.
- Built key UI components including News Feed, Story Section, and Navigation Bar using reusable Flutter widgets.
- Implemented structured layouts and reusable components to improve UI consistency and maintainability.

Login Application Mini Project

Jan 2026 – Jan 2026

- Developed a Flutter app with three screens – Splash Screen, Login Screen, and Home Screen.
- Implemented user authentication by validating username and password with proper popup error alerts.
- Built a Home Screen with ListView to display dummy data similar to real-world content.
- Added Logout functionality to clear the session and return to the Login Screen.
- Implemented secure navigation using Navigator (push, pushReplacement, pop) to prevent back.

Easemytrip.com Clone – UI Project

Nov 2025 – Dec 2025

- Built a responsive layout with a clean design and header navigation with hover effects and tooltips.
- Developed a custom-styled search box and a Browse-by-property-type section.
- Designed trending destinations with background images and hover effects.

EDUCATION

Diploma Of Automobile

Optc Polytechnic College, Edevanna

Jun 2018 – Jun 2021

DCPCA Accounting and Taxation

Golden Wings

Feb 2024 – Dec 2024
